

♥ I can share my feelings with people I trust.

♥ I can relax and try to do things to cheer myself up. We all have the right to be happy. It is okay to be happy again.

♥ I can remember things that make me happy like:

- ♥ My family who love me
- ♥ Friends I have fun with
- ♥ Things I like to do
- ♥ New things I want to try
- ♥ My dreams for the future

## I Am Not Alone

Someone I love has passed away. I feel really sad but I don't want others to know because I don't want to upset them.

But actually...

- ♥ It is okay to be sad.
- ♥ It is okay to be angry.

Why did they have to leave me?

- ♥ I feel lonely because they are not here to play with me anymore.
- ♥ When I have a problem, I get scared because they are not here to help me anymore.

- ♥ I really miss them on special occasions...

### How can I help myself?

- ♥ Sometimes I want to be alone, to play and draw quietly. I just want to think about it on my own.

### I can think to myself:

- ♥ Everyone gets sad sometimes.
- ♥ I don't need to be scared of being sad. It is okay to be sad!
